DETAILED ACTION

Claim Objections

1. Claims 8 and 12 are objected to because of the following informalities:

Claim 8, line 2, change "a end" to --an end--.

Claim 8, lines 16-17, it appears "when said detents moves into" should read --when said detents move into-- for grammatical reasons.

Claim 12, should the "detent" (line 2) and "first recess" (line 3) be presented in plural manner to be consistent with that recited back in claim 8?

Appropriate correction is required.

2. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required:

There should be antecedent basis in the specification for the handle having a [sic] end with a pair of opposing sides "to define a gap therebetween" (claim 8, lines 2-3).

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1744

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
